

# Boy in Blue progress

Photo by John Cross

Roger Ward (front) and Douglas Coopman fasten a panel of stone facing on to the fountain at the Boy in Blue Project at Lincoln Park. The project will eventually include a statue of a Civil War soldier. The monument is intended to replace an original Civil War memorial that included a fountain and statue of a soldier erected at the site in the 1880s and then removed in 1922 after it fell into disrepair.
