

ADOPT A BLUE EARTH COUNTY CIVIL WAR VETERAN

There were 682 Blue Earth County men that enlisted in the Civil War. To honor these brave men their names will be engraved in granite on the top cap of the stone base of the memorial.

This is a very special way to honor the courage, sacrifice, dedication and patriotism of the Blue Earth County Civil War veterans. You can help memorialize a veteran by putting his name in stone when you purchase a line of engraving for his name. The cost for each veteran name engraving is \$40.00.

You may choose the name of the veteran you would like to adopt or we can choose a name for you. Each donor will receive a certificate acknowledging the donation with the name of the veteran you have adopted. Veteran names can be found at www.boyinblue.org/Donate.html. When the memorial is completed, a brochure will be created with the names of the veterans and the donor that adopted their name for the memorial.
